

AUDITOR'S REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

To the Shareholders and Board of Directors of Wyncoast Industrial Park Public Company Limited

I have reviewed the accompanying consolidated and separate statements of financial position as at 31 March 2026 and the related consolidated and separate statements of comprehensive income, changes in shareholders' equity and cash flows for the three-month period then ended and the condensed notes to financial statements of Wyncoast Industrial Park Public Company Limited and its subsidiaries and of Wyncoast Industrial Park Public Company Limited. Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard No. 34, "Interim Financial Reporting". My responsibility is to express a conclusion on this interim financial information based on my review.

Scope of Review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard No. 34, "Interim Financial Reporting".

Emphasis of Matter

I draw attention to the matters as described in Note 18 to the financial statements, the Company constitutes registered capital reduction in the year 2005, there is fully taking the result of capital reduction to compensate accumulated loss before taking to compensate the share discount on ordinary shares. Due to this accounting record, the Company constitutes share discount on ordinary shares remained in amount of Baht 264.64 million. However, the Federation of Accounting Professions has relieved to apply presently existing capital reduction method in order to completely write-off the outstanding share discount on ordinary shares instead of error rectification of that accounting record. In accordance with the resolution of the Company's board of director meeting No. 5/2026 held on 24 March 2026, it had resolved to extend the period of rectification of share discount on ordinary shares for five years more (finish within March 2031). However, my conclusion is not modified in respect of the above matters.
